

CA Treasures and Accelerated Reader

California Treasures includes two types of readers supported by AR:

-Anthology/Student Book: Quizzes are part of the Other Reading Series quiz bank. These quizzes aide in instruction and assessment but do NOT count for AR goals and points. See the Treasures Anthology AR Quiz List (available at <http://elemlibrary.chicousd.org>. Click on Renaissance Place Support then Accelerated Reader). This requires setup on the teacher's part in order to make these quizzes accessible to their class (see below).

-Skill Based Leveled Readers: Quizzes are part of the regular Reading Practice quizzes that students normally take in AR. Quizzes on these readers will count toward AR goals and points. It is important to make sure students are quizzing on the correct Quiz # for the exact Leveled Reader they read (see notes below on Labeling Treasures for AR) and that they locate Leveled Reader quizzes by Quiz # and not by title. See the Treasures Leveled Readers AR Quiz List (available at <http://elemlibrary.chicousd.org>. Click on Renaissance Place Support then Accelerated Reader).

Student Anthology

Again, quizzes for selections in the Anthology/Student Book do not count for AR goals and points, but they do aide in assessing comprehension, etc.

The teacher must add the Other Reading Series grade level textbook bank to their class. Unfortunately, this step must be done by the teacher – we cannot do this automatically for the district or site. **To add the Other Reading Series grade level Treasures quizzes to your students' test bank:**

- Go to **Accelerated Reader – Preferences**.
- Click on **Other Reading Series** (under Classroom Preferences).
- Make sure your class is selected and then click **Edit Other Reading Series**.
- Scroll through the list on the right (click Next to advance) and locate all the Treasures quizzes and grade levels you want available to your students. Click **Add** to add them to your list on the left. Continue adding if needed.
- Click **Save** when done.

The student option has changed. No longer is there an Other Reading Series quiz area – now the Anthology quizzes are searchable along with other AR quizzes. It is especially important that students should search for the Anthology quizzes by Quiz #. There are often multiple versions of the stories in the anthology, and you want to make sure your students find the quiz that matches the version in the anthology. Refer to the attached Anthology Quiz List.
